

4100 Hufcor design ACCORDION PARTITION

41 STC Hufcor design, dual-wall doors for enhanced sound transmission control.

Accordion partitions consist of two laminated covers assembled with steel pantographs supported by aluminum-covered steel channel posts at each end. Woodfold's Hufcor design Acoustic Partitions are easy to operate, durable and come in a wide variety of options and finishes. Accessories are available for the standard single door to be used as pairs, with intersecting doors, or be moved to alternate locations.

Accordions are a popular choice for schools and public and religious facilities.

Sound Transmission Class (STC): The Hufcor design 4100 Acoustical Partition has a sound transmission class (STC) rating of 41.

The specific test procedure is defined by ASTM E90.
